CONTACT BRENDON BUCHANAN ON BRENDONSAN@GMAIL.COM OR 07896704201

Proudly Hosts

Paul Keessen, Filip Schuerbeke & Brendon Buchanan

5th Dan

Paul started his training at the age of 12 under the guidance of Bram de Blécourt (3rd Dan). After attending various seminars of Lewis Bernaldo de Quiros Shihan, he became a student of Lewis in 2005. In addition, Paul was a live-in student (uchi deshi) with Patrick Cassidy Sensei (2000), Hiroki Nemoto Sensei (2006) and Kayla Feder Sensei (2014).

Currently, Paul is chairman of Takemusu Aikido Kyokai the Netherlands and chief instructor at the Weesp dojo in the Netherlands. In addition, he is busy with setting up a dojo in Haarlem, the Netherlands.

3rd Dan

Filip started aikido in 1992 in a club that followed Sensei Shugano and Sensei Tamura. In 1998 Filip's teacher invited Sensei Lewis Bernaldo de Quirós for a seminar in Belgium. For the next two years he regularly attended seminars led by Sensei Lewis Bernaldo de Quirós. Filip also attended the Morihiro Saito Sensei seminars that were held in Belgium. In 2000, Filip passed the black belt exam, administered by Sensei Lewis Bernaldo de Quirós.

In 2010, Filip asked Sensei Lewis Bernaldo de Quirós if he could study aikido under his guidance. In the years that followed, regular trips were made to the Netherlands to train as much as possible with Sensei Lewis Bernaldo de Quirós, both private, regular lessons and seminars.

Filip started the Ichi Rei Aiki dojo in 2011. To this day, Sensei Lewis Bernaldo de Quirós continues to inspire Filip to practice aikido.

3rd Dan

Brendon started his training in 2001 but had to a break shortly after starting following a serious shoulder operation. He came back to his training in 2005.

He started his club in 2008 as 1st kyu due to the retirement of his teacher.

Brendon met Shihan Lewis Bernaldo de Quiros in 2013 at a seminar in Lancaster UK. Following that seminar Brendon chose to follow Lewis and passed his black belt in 2015.

From 2013 to the current day Brendon visits Lewis Shihan multiple times per year all around Europe.
